

Elementary Education in India  
under Government Managements

2009-10

(Selected Tables based on DISE Data)

Department of EMIS  
National University of Educational Planning and Administration  
17-B, Sri Aurobindo Marg, New Delhi 110016 (India)

## Foreword

Ever since the National University of Education Planning and administration initiated the process of strengthening Educational Management Information system, it has been disseminating data collected under the District Information System for Education (DISE) both online ([www.dise.in](http://www.dise.in)) and through a series of annual publications, such as *Progress towards UEE: Analytical Reports and Elementary Education in the Rural and Urban India*, and *Elementary Education in India: District Report Cards (Volume I & II)*, which focuses on the analysis of key performance indicators relating to access, participation, teachers and teaching-learning facilities for, the continuous monitoring of progress towards the goal of Universalization of Elementary Education. As per the feedback received from States/UTs, these reports have been immensely useful for developing District Elementary Education Plan and also in providing a variety of indicators for monitoring outcomes of planned interventions being provided under the *Sarva Shiksha Abhiyan*.

To operationalise and strengthen the strategy of decentralized planning and management of elementary education in the country, it is necessary to generate disaggregated database based upon school management, location of schools (rural/urban), gender, social categories, focus groups, children with special needs, etc. Although, the Management Information System Units are now functional both at district and state levels across the country, they are yet to be fully equipped with necessary capacity to generate reports which could feed into the planning and monitoring processes of the elementary education in India. Hence, there is a need for bringing out publications based on DISE data at the national level.

In view of the above we are bringing out a web based publication, ***Elementary Education under Government Managements*** which is based on DISE 2009-10 data. All the indicators, presented in the publication are presented state-wise for Government Managements. I hope that this publication would enrich understanding with regard to elementary education in Government schools and would be useful to academic community, the policy-makers, managers and other stakeholders.

I would like to place on record my appreciation for all the hard work put in by the DISE team at NUEPA. In particular I am thankful to Ms. Aseela.M for taking keen interest in bringing out this publication.

(Arun C. Mehta)

## Contents

SI No.	Report	Page No.
1	Number of Schools by Management	1
2	Percentage of Schools by Category	2
3	Percentage of Schools by Type	3
4	Percentage of Schools by Status of Building	4
5	Percentage of Schools by Number of Teachers	5
6	Percentage of Schools by Number of Classrooms	6
7	Percentage of Classrooms by Condition	7
8	Percentage of Residential Schools	8
9	Distribution of Schools by Pupil Teacher Ratio*	9
10	Percentage of Schools having Facilities	10
11	Enrolment: All Government	11
12	Enrolment: All Private	12
13	Percentage of Enrolment by Age*	13
14	Percentage of SC and ST Enrolment to Total Enrolment	14
15	Percentage of Disabled Students to Total Enrolment	15
16	Percentage Distribution of Enrolment by Caste	16
17	Examination Result	17
18	Number of Teachers: All Government	18
19	Number of Teachers: All Private	19
20	Percentage of Teachers by Teacher Category	20
21	Percentage of Teachers by Academic Qualification	21
22	Percentage of Teachers by Professional Qualification	22
23	Teachers Profile by Caste	23
