

SAMPLE CHECKING OF DISE DATA

- It is mandatory for all the States and UTs to check the DISE data on sample basis.
- The previous scheme of drawing sample for checking of DISE data is now slightly revised and the same will be applicable from the year 2006-07 onwards.
- Each state has to draw a sample of 10 per cent of Districts with a **minimum of at least 2 districts** for random checking of data. **Within each sample districts schools from 5 per cent from each block is required to be selected.**
- **The State Project Director will draw a sample of districts.** The districts may be selected in such a fashion so that they represent the entire population i.e. the State. Special focus districts, district having literacy rate below and above the state level etc. may be the possible criteria to draw sample.
- **It is mandatory for states to engage independent agencies such as monitoring institutions identified for state in sample checking of data.**
- **Actual sample of schools will be drawn by the agency entrusted the task of data checking.** While drawing school sample, it should be ensured that schools located both in rural and urban areas are selected as well as the sample drawn should also include all types of schools across school managements. Due consideration should also be given to school pre-dominantly located in SC, ST and minority areas.
- **It is advisable that filled-in school formats should be provided to agency only after completion of field work.**
- The district and states are not required to modify the filled-in formats on the basis of outcome of the sample checking of the data.
- **The office of the SPD will make all necessary arrangement for smooth conduct of the sample checking of data.**
- **The agency entrusted the task of sample checking of data would be required to submit detailed report** which should be discussed with the state authorities. They should also comment on coverage of schools in the district.
- **The agency entrusted the task of sample checking of data is also required to summarize their filed observations** regarding training of Head Master in filling-up of DISE formats, infrastructure in the district MIS Unit, feedback to schools in terms of School Report Cards, display of key information on the school display board, availability of DISE data at all levels, dissemination and awareness about DISE data, use of DISE data in planning, evidence of sharing workshops at all levels, data feeding arrangements at the district level, availability of HW and SW and computer professionals for the MIS Unit, etc. They may also provide their suggestions for improving the quality of DISE data.

- It is mandatory for state to submit the final report of the sample checking of data to the national level authorities.
- CD containing DISE 2006-07 data without detailed report of sample checking of data will be returned.
- It is suggested that the sample checking of data be undertaken sometime in the month of October or immediately after completion of data collection.
